Reasons for Request

Good and sufficient reasons for withdrawal from issue of the application exists. The issue fee was paid on March 10, 2005. Shortly thereafter, it came to the attention of the undersigned that several references cited by the examiner were in abstract form only. The cited abstracts included one foreign language reference and one other foreign reference in the English language which actually was used as the basis of a rejection. First Office Action, p. 3. Withdrawal from issue is necessary in order to submit a full copy of the cited references, and to request that the full references be considered and listed on the front of the issued patent.

Applicant is submitting a translation of one of the references together with this Petition and RCE. Applicant has ordered, but is having a difficult time in rapidly obtaining a copy of Hollis (S.African ZA 6805343). Applicant respectfully requests that any office action and/or notice of allowance be delayed until Applicant files an IDS to submit Hollis (S.African ZA 6805343). If the examiner is ready to allow the case, and no IDS has been filed to submit the reference, Applicant respectfully requests that the examiner telephone the undersigned to verify the status of obtaining the reference.

Filing of Request for Continued Examination

Submitted concurrently herewith is a RCE to submit a full copy of a foreign language reference cited by the examiner, together with a translation thereof.

Fee in compliance with §1.17(h)

We hereby authorize the Commissioner to charge the fee for the PETITION, and the REQUEST FOR CONTINUED EXAMINATION to Deposit Account No. 02-0429 (194-26572), maintained by Baker Hughes Incorporated.
